The Prez Sez

Looks like we're starting out in 1983 with a "Bang!". From what was covered at the first board meeting it seems to be a "Bannersear" for all the members of the club. Plans have been made for "Super" program that will be of interest to the XYL's of the club members too. The board is planning classes for potential hams going into Junior High Schools, High Schools, ect. and spreading the word about Amateur Radio. We can make this one of the best if not the best club in the county with help let's "Go For It!".
