The Prez Sez
By Jane, KC6TAM

Field Day was a great success for OCARA this year. As a club we had the highest score since 1988!

There will be 2 N6UC awards - 15 meters for not putting guy wires on their antenna and 20 meters for not securely attaching the elements on his antenna.

I think everything went well and the members who participated had a lot of fun. I hope to see everyone at the meeting on July 16th!

MINUTES of OCARC GENERAL MEETING
18-JUNE-1993 by KEN-W6HHC

* The meeting was called to order at the ANAHEIM EMERGENCY OPERATIONS CENTER at 7:30 PM. All Board members were present, except John-WA6RND and MEL-KM6BT.

* The program was presented by Ken-W6HHC, who presented a VCR on the OCARC 1992 FIELD DAY OPERATION. The VCR was originally produced by Nancy-N6XQR and was further edited by Ken and Tom-WA6PFA.

After Field Day Thoughts
By Larry, K6VDP

Well, Field Day is over and we reached an all time record on the number of contacts made. Many thanks to all who participated. The band plan worked well and kept 4 transmitters going full time. The following are comments from me and others for improvements for next year. Hopefully, we can use the same site.

POWER - We should start the generators 30 minutes before 11 am so the stations can check out the power distribution and rigs.

ANTENNAS - Bob, N7AZ, came up with a great idea. He made a long pole which mounted on our tower above the 20 meter CW beam. He used this to mount his 80 meter dipole which also loaded up on 17 meters. We should build 4 of these to keep with our towers.

Thoughts Cont. page 2
Thoughts cont.

CW - I found fewer stations on CW than in previous years. Maybe next year, we can shut down on CW and get some 10 meters contacts with W6ZE.

SOLAR - We made the minimum 5 contacts for solar credit on 440FM on Sunday morning. It would be much easier to make these at the beginning of Field Day.

Again, thanks to all for a great Field Day. Let me know if you have any other comments or suggestions.

RF

Minutes cont.

* The OCARC membership ranks were reported to be 82 fully-paid members plus additional family members.

* The Activities Chairman, Cindy-KC6OPI, announced that OCARC has planned a family event of Miniature Golf for Saturday, July 17.

* The Activities Chairman, Cindy-KC6OPI, also announced that OCARC has planned a family picnic for Saturday, August 14, at El Dorado Park in Long Beach. Cindy has announced that food for this event will be "pot luck" style.

MINUTES of OCARC BOARD MEETING
03-JULY-1993 by KEN-W6HHC

* The meeting was called to order at the DENNY'S Restaurant at 8:45 AM. All Board members were present, except Bill-K6BWZ, Bob-KD6BWH, and Bob-AF6C.

* Ken-W6HHC read a summary of this year's FIELD DAY results from the USMCAS(H) in Tustin (printed elsewhere in this issue of RF). It looks like this year has the best ever for OCARC with over 3,000 QSOs.

* The Program Chairman, John-WA6RND, reported that the speaker for the JULY general meeting (16-JULY) will be Dave-WA6PMX, who will give a presentation on "BAND PLANNING FOR THE 1990's".

* The Activities Chairman, Cindy-KC6OPI, announced that OCARC has planned a family event of Miniature Golf for Saturday, July 17. See map and details in this issue of RF.

* The Activities Chairman, Cindy-KC6OPI, also announced that the OCARC has planned a family picnic for Saturday, August 14, at El Dorado Park in Long Beach. The attendees will bring their "own main meal" plus additional food to share according to the following plan:

NOVICE/TECH SIDE DISHES
GENERAL BEVERAGES
ADVANCED SALADS
EXTRA DESERT
BOARD MEMBERS SNACKS & APPETIZERS (plus "CLASS" food)

* Because of the Volunteer event, California Classic Carriage Event, to be held on the date of the normal OCARC Board meeting, 7-AUG, the board meeting has been rescheduled to occur during the CLUB PICNIC, 14-AUGUST.

Thank You!

The Orange County Amateur Radio Club wishes to thank Polly's Pies for the delicious Apple Pies that they donated to us for Field Day.

If you enjoyed the pies, be sure to stop by their location at 2699 N. Main Street, in Santa Ana, say Thank You to the manager, and try some of their other delicious items. They are open for Breakfast at 7:00am. Be sure to try one of their Cinnamon Rolls.
Club Picnic - Saturday, August 14th

Location: El Dorado Park, Long Beach. Please note that there is a $5.00 entrance fee into the park.

Bring along the whole family for a fun time at the picnic. There is fishing, bike paths, paddle boats and a model boat pier available, and there will be games for the kids to play. Adults are welcome to participate also.

This year, we are going to try a potluck type of picnic. Each class of license will bring along one type of food item, in addition to the main entree for themselves. Here’s the breakdown of class license and type of food item to bring:

Novice/Tech: Side Dish
General: Beverage
Advanced: Salad
Extra: Dessert
Board Members: Snacks

A note to board members: We will also bring the item that our class of license drew in addition to the Snack item.

California Classic Event

The California Classic Carriage Combined Driving Event will be held August 6, 7, 8 in Rolling Hills again this year. This event is put on every year to help support the American Riding Club for the Handicapped (ARCH) of Orange County.

The marathon event will be held Saturday, August 7. This will be the day we need most of the operators for safety on the cross country course. Everyone who has worked this event always has a great time and enjoys seeing the horses & carriages at work.

If you are interested, please contact Bob Tegal, KD6XO, at 714 531-0928 for more info.

Ham Radio goes to School
by Cindy, KC6OPI & John, WA6LAB

How much fun do 6th graders think Ham Radio is? It depends on how you present it to them. On June 1st, a group of hams had a chance to show a class of 6th graders at Portola Middle School, in Orange, some very simple D.F. techniques. Here are some of the comments that were received on what they thought about the experience.

I enjoyed the bodyshielding a lot. Thanks for letting me talk to Nancy (N6ZRB) and letting me use the bodyshielding. -XUAN.

Thank you for coming, it was really fun. I really enjoyed it. The equipment was really nice. -ALISHA.

John, Thanks for the T-Hunt. -PAT.

Thank you for bringing your friend(s) here and showing us how to use the radio transmitters. I like it went you let me hide the box. -TUAN.

Thank you for coming to our class. I really enjoyed it. -WILLIAM.

Thank you for the fun I had trying to find the box. If you could come back next year I would love it. See you next year. -RYAN.

Hi. I would like to thank you for taking time off to spend with us. Your radio transmitter was really neat. I like it because it is electronic. I hope you come back and try to find that box again. It was fun. See ya later. Bye! -SARA.

I would mostly like to thank John Roberts because he made everything seem so exciting. -ANTHONY.

Thank you for bringing your radio transmitter Dave. It was pretty fun finding the box. Too bad we didn't get to hide it. If I got to hide it by myself, I would have hid it in the girl's locker room cause all of you were men but Mrs. Hughes. -DYANA.

I really like the presentation you gave for us. Your team is neat. Your devices are neat too. Do you get lost on your trips sometimes, and, does it cost a lot for trips like that? -ROBERT.

Thank you for the great experiments. Those experiments work great. Thank you coming and telling us what it is about and how it works. Also thank you for your time. -JIEU.

Thank you very much for taking the time to come to Portola with your Amateur Radio Transmitter Club. The students thoroughly enjoyed your demonstration. -MISS MCRAE.

There is also the Science teacher, Mr. Greenewald, who would like to have someone come out and talk to the Science Club about different things in Amateur Radio. He is also interested in getting his Amateur License.

Let's go Miniature Golfing!

If you would like to work on your putt for golf, join us at the Castle Park in Riverside on Saturday, July 17th at 3:00 pm for some miniature golf.

If golf is not your game, there are over 400 games inside the castle that will most likely suit you or your family. What kind of games are there? There is: pool, video games (lots of old and new favorites), pinball games, skee ball, boom ball, air hockey, twenty-one, some stationary rides and much more. There is also an amusement park that has 35 rides: train, water ride, ferris wheel and a merry-go-round and more.

Cost for golf: Adults - $4.75; Children - $3.75. Cost for Amusement Park: Tickets are $1.50 individually, books are $9.00 for 22, $16.00 for 50 and $25.00 for 100 tickets. Rides take 2-3 tickets for ages 12 and under, 3-5 tickets for ages over 12. Pony Rides - $2.00; Log ride - $1.50 for 12 and under, $2.00 for over 12.

For those who have students in the household, bring their report cards for a reward. They are offering 3 tickets or tokens for A's and 2 tickets or tokens for B's. Maximum of 20 tickets or tokens to be rewarded.

To get there take the 91 freeway (Riverside Freeway) west to Tyler St. exit. Go North on Tyler to Arlington. Go West on Arlington to Polk (2nd signal past Tyler). Go South on Polk. Castle is on West side of street.
NET NOTES
By Bob Evans, WB6IXN

6/2 15m phone net - W6ZE/AP6C checks in NCO, NG7D, IXN, & HHC. NCO finds 15m open this afternoon. And NG7D finds his much needed 'chips' at the Swapmeet last Sat. NCO reports IXN & HHC at abt the same sig, strength. AP6C examines a new Knud rig, and Bob can't get over the acronyms used wid no explanations to go along wid them! IXN reports possible gravitational EQ windows for upcoming lunar eclipse on June 4. HHC reminds all OPs of upcoming Club breakfast Sat. And IXN gives OPs Public Seismic Network info.

6/2 2m phone net - W6ZE/IXN checks in BPX, ZH & TAM, wid K9CQ on side, QW, ESD, RE, AP6C, NG7D, BWH, VDP, & XTJ. BPX helps Farmer Blanche, watering the lawn & doing sum minor chores. The tomatoes & cucumbers are doing nicely, & Wyatt has replaced his broken battery charger! Visions of DXCC certificates dance in ZH's brain...100th card on 15m, 100th country, CW, 14 more...100th country on 40m...a 2MO on Spratley Is., a TX, & a CB0, all while TAM entertains herself at the California Gentleman's Club...?! IXN has been fighting a lung bug wid antibiotics. QW has 2377 counties worked, wid 699 to go. And Rolf finishes the control box for the DK-3 ant. ESD rooms around Italy for 10 days. Bob finds the food expensive, even paying for his drinking water! But Bob enjoys the trip! ESD also gets the 9MOS on Spratley Is. on 20m phone SSB! RE 'boob-tubes' it over last weekend, watching the Indianapolis 500, basketball &

baseball games. Alex gives OPs info on a new beacon, NB CW & FSK, on 5604 KHz 00:01 after the hour; 11,004 KHz 20 & 21 min. after the hour; 16,804 KHz 40 & 41 min. after the hour. The beacon is located in Alaska. Alex airs an interesting Newsline. AP6C & IXN mention the 147.705 2m freq. for the Public Seismic Network, & NG7D gets the 40m rig operating after replacing an errant chip that he procured from the Builder at the Swapmeet. Now John awaits a catalogue to order parts for a couple of small QRP rigs! IXN inquires of BWH if he's heard from N7LPJ lately. "No"...says Bob...And sure enuf, IXN gets a call from LPJ just after net! VDP, like RE, watches the basketball payoffs over the weekend, and requests a repeat of NAF Beacon info from Alex...

6/3 40m CW net - Wid RND busy painting the QTH, plus a disconnected rig, W6ZE is assumed by IXN. Only NT checks in. IXN still fights allergies & a small lung infection, & Ray looks all over for a piece of 4" OD pipe. Anyone got a piece laying around the yard?...The Big Dish on the Hill needs your help! IXN closes net to work on things seismic, & Ray goes off to dinner.

6/9 15m phone net - W6ZE/AP6C checks in NCO, IXN, & RND. Wid the housepainting abt completed, John & XYL prepare to move all items frm the garage bk into the house! And John works frm the RV tonite...No rig in the house yet! NGO works J-land 15m this morning...an OP in Yokohama, mobile, no less! And Kei watches wid interest as his sailing Nephew takes 2nd place in a recent boat race! IXN & OPs tell W6ZE that the dirty contact in the rig is acting up agn. And Bob jiggles mike cords, tubes, etc., looking for the problem!

6/9 2m phone net - W6ZE/IXN checks in RE, RND, NG7D, AZ, VDP, BWH, HHC, ONZ, & ESD. OPs pass Qudos thru ONZ to OPI on June RF!...Gud job, Cindy! RE reads a temp of 92 today as Alex cans a bumper crop of boysenberries and laments his empty apricot trees!

RE announces AMSAT competition plans for FD, the QSO Party this weekend, and airs Newsline. RND is prepared for the next EQ as he completes preparations for FD in Utah!...Maybe John will take the EQ to Utah wid him!...Hi! NG7D & OPs note sporadic B skip on VHF TV sigs on the low channels, plus sum new UHF stations on frequency. John says 10m is 'hot' mornings & afternoons!...He gets 2 more CA counties! And John continues to rack up the DX QSLs! AZ & RND watch the Bulls win another playoff game, and Bob gets a tent canopy ready to lower the tent temp. during FD operations! AZ also experiences sum 'knotty' problems wid a QRP VFO. VDP, reminding all he isn't FD Chairman, continues work as time & freq. coordinator for FD. Any remaining band planning problems will be discussed at next Club meeting. 6m is open afternoons!...Larry gets Portland, OR, & Los Alamos, NM. VDP & COJ meet wid LTA brass tomorrow to finalize FD site plans. BWH recognizes tail end of last week's Newsline as Alex overruns the tape! And Bob comments on Cindy's RF RF! HHC will landline Cindy to see if we can use the RC light trailer for FD. ONZ tells Ken that OPI is holding a VR session at the RC tonite! And Don gets the HF bk frm Knud. just in time for FD!
ESD dons the apron and cleans sum kitchen cabinets. Then Bob gets sum items ready for the Rio Honda Swap Meet. No eyeballs for Bob at Meeting...He'll be dancing!!

6/10 40m CW net - W6ZE/RND checks in IXN & NT. Wid carpeters coming tomorrow, RND & XYL will soon be ready to move all frm the garage bk into the QTH! John's FD installation in the RV does FB on the nets! Then, a wk frm tomorrow, it's off to Idaho by way of Utah for FD! IXN tells OPs abt two water main breaks at the north end of the Newport Inglewood fault. And "All My Antennas" sees Ray package up the Big Dish in a lil cardboard box as NT awaits cooler WX! NT & VDP hv the 40m beam ready for FD!

6/10 15m phone net - W6ZE/AF6C checks in IXN, ULU & RND. AF6C zeroes in on the xmitter difficulties, & Bob sends a Panasonic camcorder to his sister bk east. IXN suggests he contact NG7D, who is an old timer wid camcorders! RND has all the FD equipment in the RV, ready for his FD trip to Utah! After John & XYL return, its a garage sale for items not going bk in the refurbished QTH! AF6C tells OPs that Jim Rafferty of HRO became a silent key recently. And ULU says Lorraine McCarthy is looking for OPs for the amateur booth at the Orange County Fair. ZH says NAO shud be approaching Okinawa abt this time...Kei is flying 'across the puddle' to hobnob wid OPs in Japan!

6/10 2m phone net - W6ZE/IXN checks in BPX, ZH & TAM, RND, RE, BWH/M, VDP, & QW. BPX develops 2 painful spurs on his toes, but manages 'Farmer Blanche' frm the wheelchair...lots of cucumbers, and now, tomatoes too! ZH manages sum DX as he fixes the brakes on the auto. TAM buys 4 new tires for her car. Now Chris must do the brakes on Jane's auto...money...money! And ZH & WJJ have been busy preparing for FD at WJJ's QTH! RND goes off the air suddenly...John pops a fuse! Undaunted, RND 'replaces the bridge' & tells OPs that eye doc says the 'peepers' are FB, & he orders John new glasses! RE tells us that QCA & QBZ, Club members in the '79 era hve med. problems. QBZ, Francis, had a by-pass operation, but had a stroke! VDP & IXN can't remember Ernie or Francis too well! RE plays Newsline & fills in OPs on upcoming Shuttle launch. BWH operates mobile frm the PO parking lot in Tustin as he picks up Club mail. And Bob joins IXN wid weeds in the garden! If VDP reads FD rules correctly, Novices are going to be limited to 220 & HF bands only! Larry reports bud openings on 6m & VDP does a little VHF contesting over last weekend. QW refreshes IXN's memory abt his enjoyable trip to Germany. IXN conjures up images of werewolves & vampires as QW talks abt the old castles on the Rhine! And Larry & Rolf get the DX-3 mobile antenna installation in Rolf's truck well under control, after figuring out how to neatly route & hide the coax cables! automatic tuning on 80 thru 40m! Rolf also spends time repairing EQ damage at Big Bear. Now his property is up for sale!

Wages' (L. Vegas) last week and wins a little whilst enjoying the Auto Museum on the side! ZH will be coming south to Orange County as Chris takes on new & challenging employment as Operations Mgr!

6/23 2m phone net - W6ZE/IXN checks in BPX, VDP, NG7D, RE, Zil & TAM, AZ, VES, BWH/M, QW, OP1, & ONZ. RE announces NSWQW, aboard the Shuttle, will do the uplink on 145.55 MHz, with downlink on 145.49 packet, & 144.91, 93, 95, 97, & 99 for voice. Alex says Lorraine McCarthy needs volunteers for the OC Fair Booth. Call her at 979-2633. BPX still palavars the Docs over the toe problem as Blanch dutifully manages the cucumbers, tomatoes, and the peaches!

VDP discusses the Friday noon loading party to transport FD materials to the site, including FD items at NT's QTH! Larry looks forward to an FD opening on 6m! IXN tells NG7D to tell us what its like if he rides out an earthquake in the new Space Needle at Las Vegas! RE airs Newsline & OPs give sig reports to Alex on reception. TAM & Zil solve the potty problem, & Jane attends a Tupper ware party tonite...(the two not connected) And ZH announces that WR6G, Tom Nelson, of HRO, had a heart attack. TAM attempts a mobile check-in, but W6ZE can't pick her out of the QRM! AZ 'mops up' FD preparations, getting the 'old Drake Twins' ready if needed! Bob also raises the 2m ant. another 10 ft! VES flies in & flies out...Gary must get ready for work! VES & NG7D will FD QRP...a vaient feat wid all those strong sigs! ONZ needs another BBQ...ZH will bring his! BWH, now home, and the soldering iron heated, attacks a broken wire in the INNOVA
battery supply! QW takes advantage of a 6m opening yesterday to get 8 new grid squares! And Rolf polishes off 2500 counties w/ 80% confirmed! The new mobile antenna & rig work fine... now to ground the exhaust pipe, hood, etc., to eliminate spark noise! OPI announces that FD will allow us to use the light generator again this year for FD... training session tomorrow afternoon at HQ! And Cindy prepares a ‘midnight snack’ for FD!... Yum-Yum!

6/30 15m phone net - W6ZB/AR6C checks in VDP, NG7D, ION, & RND. AF6C vows to clean the relay in the old Heathkit over the 4th! And Bob gives a rough total for FD... 3,061 contacts for 8,132 points... best score ever for an OCARC FD! NG7D & VBS make 96 contacts QRPa on FD, upping last year’s record! ION tells OPIs that USGS seismic explosions to map LA underground faults will pose no ‘EQ hazards!’ RND leaves the RV in Idaho after FDing w/ wid friend from Connecticut near Zion Nat. Park! They contact LAB, AZ, & VDP in So. Ca. on FD!

6/30 2m phone net - W6ZB/IXN checks in BPX, RR, HHC, NG7D, VBS, RND, AF6C, AZ, ZH & TAM, OPI, BSD, & QW. HHC gives OPIs rough FD scores for each band. And Ken garners RND, VDP & QW to help w/ an ant. raising party for W6VZP, Jack, a stroke victim in Anaheim. BPX takes a few strokes at the weeds & then decides to spray the rest. Wyatt & Blanche are visited by a nephew frn New Mexico as Wyatt now prepares for another round wid the ailing doc & the foot doc! RR airs Newsline frn the co-linear

tonite & all OPIs hear it well (including ZH!). Alex also attend the F. Schultz funeral today. NG7D & VBS manage 2 H & 2 Virgin Is. contacts on less than 5W on FD, plus a Tijuana contact! OPIs thank AZ for the ‘stellar performance’ on 20m CW!... Bob’s secret for staying awake?!... Don’t let your butt get numb!! AZ & OPIs thank OPI & ONZ for FD food & goodies! VDP’s band planning worked well, & Larry will suggest sum further ideas for next FD! From Boise, 1D, up abt 5,000 ft., RND & friend work over 300 contacts frn atop ‘rattlesnake hill’! 40m was their most productive band. Too bad RND didn’t work NT on Goat Hill frn atop Rattlesnake Hill! AF6C admits simultaneous operation of 15 & 20m stations for higher FD contacts this year! And ZH inx OPI & TAM for outstanding ‘duping’ performances w/ the computer. And Cindy says OPIs ought to stop by Polly’s Pies on Main St. in Santa Ana & thank them for the apple pie donation!... They were a great hit! QW & ION, not operating at the site, hand out points to FD OPIs. QW helps set up & tear down at FD site, & Rolf picks up 12 new counties today! BSD ‘flies in & flies out’.
