0330 UTC (7:30 PM)

THE MEETING THIS MONTH IS A "POTPORRI." IT IS UNKNOWN AT THIS MOMENT AS TO WHICH OF TWO MEETINGS WILL BE PRESENTED. COME AN' SEE/HEAR WHAT MEETING IS GIVEN ANTARTICA OR ARIES.
Prez Sez

Since this is my first article for this column I would like to wish all OCARC members a happy and prosperous 1979. This year promises to be challenging to Amateur Radio as a whole with the WARC and to Orange County with the ARRL Convention.

One of the major activities for Orange County amateurs will be the ARRL convention which will be held October 19-20 at the Sheraton-Anaheim Hotel. One of our club members, Alex, W6HE, is Chairman of the convention. While this is an activity sponsored by all Orange County hams, Alex will need a lot of help and I hope that members of the Orange County Amateur Club will assist him in this project. Alex will be making periodic reports of progress and asking for help when needed.

Another more immediate problem, which I would like input from club members about, is locating another site for our monthly club breakfasts. Since the management of the Cookbook Restaurant has been making negative comments about our club meeting there I would appreciate suggestions of another restaurant for our meetings.

In conclusion, I would like to say that the officers of the Orange County Amateur Radio Club are only volunteer workers for the membership. This club will be as great as the members want it to be; if we are to progress it will be because of the efforts of all. Let’s all work together and 1979 will be a year to remember.

HELP WANTED

University of California Blood Center in Orange

The UCIMC Blood Donor Center is receiving inquiries from persons with questions about donating or those who wish to make appointments on the information line, (714) 634-5733 from 8:30 am to 4PM Monday thru Friday.
The need for blood donors has been especially pressing in Orange County during the last month when blood reserves dipped to a "Crises" level.
Donors should be from 18 to 65 years of age, weigh at least 110 lbs. and be in good health.
"only one pint of blood is withdrawn when a person donates blood that can be rapidly replaced by the donor"s body. Average-sized adults have from 10 to 11 pints of blood in their circulatory system".

Letter to the Editor

Dear Sir: 20Dec.1978
I enjoyed attending the Dec. meeting, and also the very fine program presented by Jim WA6LFF
I would like to hear from anyone who is working 6 Meters SSb, or AM in the Tustin, Santa Ana vicinity. I can be found on 146.52 or 147.09/69, or at 832-3071.

73's Henry

P.S. In regard to the question posed at the meeting "Can non-military personnel work Field day on board Base? I put the question up to Maj. Hanson and he said that he would check on it.

Louis:

Would you please run the following article in "RF" as soon as you can. Thanks.
Bob, WB6IXN

W6XI FANS!!! WE STILL NEED YOUR HELP!!!

Although the compilation of the history of the OCARC is proceeding nicely, we still need your help! Clues come from the ham that you would least expect to have info on the past history of our club. Who has a file of QST's that date back into the '30s? By checking section reports in these magazines, we can find the names of past presidents and other officers, especially in the Dec., Jan., and Feb. issues. Please help us with our detective work! If you know anyone who has a QST, or other radio magazine backfile, get together with them and see if you can find the answers to the following questions:

What year was Harry Moore, W6FUU, president of OCARC? (must be in early '30s)
Johnny Shick, W6LQX, was Vice Pres. in 1941. What year was he president?
Vern Schrader, W6LYM, held club office in the late '30s. What year? What office?
Was Horace Bates, W6QZQ, a past president of the club in 1950 or 1952?
In 1933, Earl Moore, W6ICO, was pres. Who else was on the board?
In 1934, """""""""""""""""""""""""""""""
In 1939, 1950, 1952 through 1954, who was president, and who else was on the board?
And what year was Leroy Sparks, W6SYC, Activities Manager?
We still need membership lists for the years 1936 through 1941, 1945 through 1951, and 1952 through 1965.

So what, OMs! Please help fill in the missing links! Contact Bob Evans, WB6IXN, at 543-9111, or drop a letter or postcard to my home address at 701 S. Kilson Dr., Santa Ana, CA. 92701, or, pass on the info. in an eyeball QSO at monthly meeting!
RESISTOR NETWORK QUIZ

IF EACH RESISTOR IN THE ABOVE SCHEMATIC DIAGRAM IS 120Ω, WHAT IS THE TOTAL EQUIVALENT RESISTANCE BETWEEN TERMINALS "A" AND "B"?

HINT: IT MAY BE HELPFUL TO "RE-DRAW" THE SCHEMATIC!

- JOHN, N6HI
