MEETING NOTICE --- Thursday, Sept. 15, 1960, 7:30 PM.
Santa Ana Register Building, 625 N. Grand Ave., Santa Ana.

Speaker is to be Lyle G. Farrell, W6KGC, Communications Director of the Richfield Oil Company, on the subject of "OSCILLATORS".
Lyle is well known and an old friend of many of the OCARC members and this promises to be an entertaining evening. Come and bring along a friend.

THE BIG NEWS AS WE GO INTO ORBIT, IS THE COMING HAMFEST SPONSORED BY THE ORANGE COUNTY AMATEUR RADIO CLUB, INC. TO BE HELD AT IRVINE PARK, OCTOBER 16, 1960 - 8AM to 5PM. PRIZES - CONTESTS - DRAWINGS - ETC.
Tickets for the HAMFEST are ready for distribution to the members of OCARC this meeting. See W6BVI, Ken Kesel for Books of Tickets. 11 tickets in each. The seller gets One Buck Donation for each 10 tickets and gets the 11th one free. Each ticket entitles the holder to the Pre-Registration Prize which is a GONSET SUPER TWELVE CONVERTER donated by the GONSET CO. and SCOTT'S RADIO OF LONG BEACH. The Holder does not have to be present to win the Pre-Registration Prize. Pre-Registration will close October 9th and after that date the tickets will be good only for the main prize which is to be a GIANT MYSTERY and will be a mouth watering item. More details will be given later in a special edition of "RF" - WATCH FOR IT -
There will be hundreds of dollars of prizes at this HAMFEST so lets get on the ball and get the ticket sales rolling and talk up the HAMFEST on the air so we will have a big turnout.

As you will note in the heading Orange County Amateur Radio Club I-N-C-O-R-P-O-R-A-T-E-D means that we are now incorporated as a Non-Profit Organization under the laws of the State of California and we have also taken out insurance for the protection of the members. There is now no earthly reason why anyone cannot join the club unless they are downright onerous or unsociable.

This issue of "RF" is the first since 1956 and we would like to make it a regular publication again with the help of all. If you would send news items or information that you feel should be brought to light, please give them to any officer of the club or mail to Tom, W6KRW at your first opportunity. We would also like to institute a SWAP-SHOP-SELL section to be free for members of OCARC. If you have anything coming under this heading pass it along and we will get started.

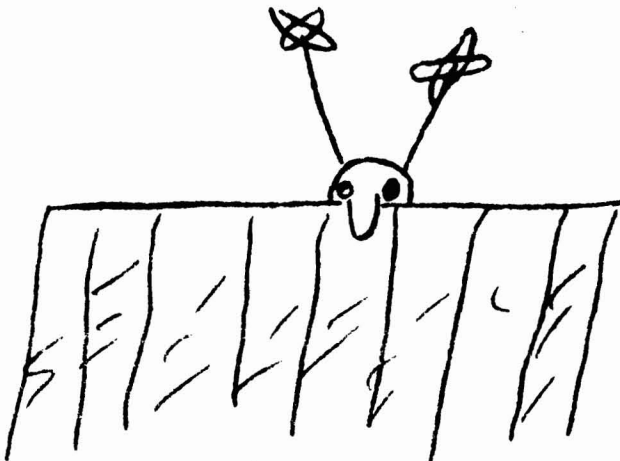

RELAY CHAPTER

It has been reported that VR6AC Floyd H. McCoy and his wife, fourth generation descendant of Pitcairn Island Bounty Mutineer's are visiting amateurs in the United States after having saved for seven years to make the trip. One of VR6AC's dreams was to have a SSB Rig but the cost was too much. At the San Mateo Convention he won the Hallicrafters SSB main prize and now his dream has materialized. It was advised that the amateurs at the convention gave him a great ovation and all were much pleased at the turn of events.

THERE WILL BE A TRANSMITTER HUNT THURSDAY SEPT. 22nd and on 29, 520 Kc. 7:30-9:30PM. Contestants will assemble on Ward's Parking Lot at 17th and Bristol prior to 7:30PM. Those wishing to take part in the hunt but without 10 meter equipment can arrange at that time to be passengers with contestants of their choosing having such equipment. Following the hunt there will be a Coffee and Donut session at a place to be selected later. W6FLO is to be the BUNNY and he has picked a ding-dong place to hide, but he won't tell anyone - shucks.

W6MJG, George, and W6RWM, Geraldine Sinsel as most everyone knows were struck by a car while walking in a cross-walk in Santa Monica about a month ago. Gerry is coming along as well as could be expected, but George is having a real rough time. Our prayers and best wishes go to this fine amateur radio couple and we hope for a rapid recovery for both.

CONGRATULATIONS TO SANTA ANA ELECTRONICS- On their Second Anniversary. Johnny Angel, Bob Frizzell, Dave Witmer. Now firmly set and giving Orange County true Wholesale Prices at the new location 832 East Fourth Street, Santa Ana. This firm is building up the Ham Department rapidly and specializes in helping amateurs turn their older equipment into money by taking and selling it on a consignment basis.

"Don't be an outsider - Join the Hamfest"
