JULY, 1993

The Prez Sez By Jane, KC6TAM

Field Day was a great success for OCARA this year. As a club we had the highest score since 1968!

There will be 2 N6UC awards - 15 meters for not putting guy wires on their antenna and 20 meters for not securely attaching the elements on his antenna.

i think everything went well and the members who participated had a lot of fun. I hope to see everyone at the meeting on July 16th!

July Program: Dave Gutierrez - WA6PMX ATV & The Space Shuttle

MINUTES of OCARC GENERAL MEETING 18-JUNE-1993 by KEN-W6HHC

- * The meeting was called to order at the ANAHEIM EMERGENCY OPERATIONS CENTER at 7:30 PM. All Board members were present, except John-WA6RND and MEL-KM6BT.
- *The program was presented by Ken-W6HHC, who presented a VCR on the OCARC 1992 FIELD DAY OPERATION. The VCR was originally produced by Nancy-N6XQR and was further edited by Ken and Tom-WA6PFA.

After Field Day Thoughts By Larry, K6VDP

Well, Field Day is over and we reached an all time record on the number of contacts made. Many thanks to all who participated. The band plan worked well and kept 4 transmitter going full time. The following are comments from me and others for improvements for next year. Hopefully, we can use the same site.

POWER - We should start the generators 30 minutes before 11 am so the stations can check out the power distribution and rigs.

ANTENNAS - Bob, N7AZ, came up with a great idea. He made a long pole which mounted on our tower above the 20 meter CW beam. He used this to mount his 80 meter dipole which also loaded up on 17 meters. We should build 4 of these to keep with our towers.

Thoughts Cont. page 2

- ** The main activities of this meeting were to prepare for next weeks Field Day operation. On Friday, 25-June, preparations for installing the the chil's towers would begin with pick-up at SKIP'S QTH beginning at 12 NOON. Saturaday's set-up activities would begin at 7:30 AM.
- *The TREASURER, Bob-KD6BWH, reported that the club currently has \$673 in the Checking Account and \$1,191 in the Savings Account for a total of \$1,864.

Thoughts cont.

CW - I found fewer stations on CW than in previous years. Maybe next year, we can shut down on CW and get some 10 meters contacts with W6ZE.

SOLAR - We made the minimum 5 contacts for solar credit on 440FM on Sunday morning. It would be much easier to make these at the beginning of Field Day.

Again, thanks to all for a great Field Day. Let me know if you have any other comments or suggestions.

RF

Mirates cont.

* The OCARC membership ranks were reported to be 82 fully- paid members plus additional family members.

"The Activities Chairman, Cindy-KC60PI, announced that OCARC has planned a family event of Miniature Golf for Saturday, July 17.

"The Activities Chairman, Cindy-KC6OPI, also announced that OCARC has planned a family picnic for Saturday, August 14, at El Dorado Park in Long Beach. Cindy has announced that food for this event will be "pot hick" style.

MINUTES of OCARC BOARD MEETING 03-JULY-1993 by KEN-W6HHC

- * The meeting was called to order at the DENNY'S Restruarant at 8:45 AM. All Board members were present, except Bill-K6BWZ, Bob-KD6BWH, and Bob-AF6C.
- * Ken-W6HHC read a summary of this years FIELD DAY results from the USMCAS(H) in Tustin (printed elsewhere in this issue of RF). It looks like this year has the best ever for OCARC with over 3,000 QSOs.
- * The Program Chairman, John-WA6RND, reported that the speaker for the JULY general meeting (16-JULY) will be Dave-WA6PMX, who

will give a presentation on "BAND PLANNING FOR THE 1990's".

"The Activities Chairman, Cindy-KC6OPI, announced that OCARC has planned a family event of Miniature Golf for Saturday, July 17. See map and details in this issue of RF.

*The Activities Chairman, Cindy-KC6OPI, also announced that the OCARC has planned a family picnic for Saturday, August 14, at El Dorado Park in Long Beach. The attendees will bring their "own main meal" plus additional food to share according to the following plan:

NOVICE/TECH SIDE DISHES
GENERAL BEVERAGES
ADVANCED SALADS
EXTRA DESERT
BOARD MEMBERS SNACKS & APPETIZERS

BOARD MEMBERS (plus "CLASS" food)

* Because of the Volunteer event, California Classic

Carriage Event, to be held on the date of the normal OCARC Board meeting, 7-AUG, the board meeting has been rescheduled to occur during the CLUB PICNIC, 14-AUGUST.

Thank You!

The Orange County
Amateur Radio Club
wishes to thank Polly's
Pies for the
delicious Apple
Pies that they
donated to us for
Field Day.

If you enjoyed the pies, be sure to stop by their location at 2699 N. Main Street, in Santa Ana, say Thank You to the manager, and try some of their other delicious items. They are open for Breakfast at 7:00am. Be sure to try one of their Cinnamon Rolls.

Club Picnic - Saturday, August 14th

Location: El Dorado Park, Long Beach. Please note that there is a \$5.00 entrance fee into the park.

Bring
along the
whole family for a fun
time at the picnic. There
is fishing, bike paths,
paddle boats and a model
boat pier available, and
there will be games for the
kids to play, adults are
welcome to participate
also.

This year, we are going to try a potluck type of picnic. Each class of license will bring along one type of food item, in addition to the main entree for themselves. Here's the breakdown of class license and type of food item to bring:

Novice/Tech: Side Dish General: Beverage Advanced: Salads Extra: Dessert Board Members: Snacks

A note to board members: We will also bring the item that our class of license drew in addition to the Snack item.

California Classic Event

The California Classic Carriage Combined Driving Event will be held August 6, 7, 8 in Rolling Hills again this year. This event is put on every year to help support the American Riding Club for the Handicapped (ARCH) of Orange County.

The marathon event will be held Saturday, August 7. This will be the day we need most of the operators for safety on the cross country course. Everyone who has worked this event always has a great time and enjoys seeing the horses & carriages at work.

If you are interested, please contact Bob Tegal, KD6XO, at 714 531-0926 for more info.

Ham Radio goes to School by Cindy, KC6OPI & John, WA6LAB

How much fun do 6th graders think Ham Radio is? It depends on how you present it to them. On June 1st, a group of hams had a chance to show a class of 6th graders at Portola Middle School, in Orange, some very simple D.F. techniques. Here are some of the comments that were received on what they thought about the experience.

I enjoyed the bodyshielding a lot. Thanks for letting me talk to Nancy (N6ZRB) and letting me use the bodyshielding. -XUAN.

Thank you for coming, it was really fun. I really enjoyed it. The equipment was really nice.

-ALISHA.

John, Thanks for the T-Hunt. -PAT.

Thank you for bring(ing) your friend(s) here and showing us how to use the radio transmitters. I like it went you let me hide the box. -TUAN.

Thank you for coming to our class. I really enjoyed it. - WILLIAM.

Thank you for the fun I had trying to find the box. If you could come back next year I would love it. See you next year. -RYAN.

Hi. I would like to thank you for taking time off to spend with us. Your radio transmitter was really neat. I like it because it is electronic. I hope you come back and try to find that box again. It was fun. See ya later. Bye! -SARA.

I would mostly like to thank John Roberts because he made everything seem so exciting. -Anthony.

Thank you for bringing your radio transmitter Dave. It was pretty fun finding the box. Too bad we didn't get to hide it. If I got to hide it by myself, I would have hid it in the girl's locker room cause all of you were men but Mrs. Hughes. -DYANA,

I really like the presentation you gave for us. Your team is neat. Your devices are neat too. Do you get lost on your trips sometimes, and, does it cost a lot for trips like that? -ROBERT.

Thank you for the great experiments. Those experiments work great. Thank you coming and telling us what it is about and how it works. Also thank you for your time. -DIEU.

Thank you very much for taking the time to come to Portola with your Amateur Radio Transmitter Club. The students thoroughly enjoyed your demonstration. -Miss MicRae.

There is also the Science teacher, Mr. Greenewald, who would like to have someone come out and talk to the Science Club about different things in Amateur Radio. He is also interested in getting his Amateur License.

Let's go Miniature Golfing!

If you would like to work on your putt for golf, join us at the Castle Park in Riverside on Saturday, July 17th at 3:00 pm for some miniature golf.

If golf is not your game, there are over 400 games inside the castle that will most likely suit you or your family What kind of games are there? There is: pool, video games (lots of old and new favorites), pinball games, skee ball, boom ball, air hockey, twenty-one, some stationary rides and much more. There is also an amusement park that has 35 rides: train, water ride, ferris wheel and a merry-go-round and more.

Cost for golf: Adults - \$4.75; Children - \$3.75. Cost for Amusement Park: Tickets are \$.50 indivdually, books are \$9.00 for 22; \$16.00 for 50 and \$25.00 for 100 tickets. Rides take 2-3 tickets for ages 12 and under, 3-5 tickets for ages over 12. Pony Rides - \$2.00; Log ride - \$1.50 for 12 and under, \$2.00 for over 12.

For those who have students in the household, bring their report cards for a reward. They are offering 3 tickets or tokens for A's and 2 tickets or tokens for B's. Maximum of 20 tickets or tokens to be rewarded.

To get there take the 91 freeway (Riverside Freeway) west to Tyler St. exit. Go North on Tyler to Arlington. Go West on Arlington to Polk (2nd signal past Tyler). Go South on Polk. Castle is on West side of street.

Call her at 979-2633. BPX still palavars wid the Docs over the toe problem as Blanch dutifully manages the cucumbers, tomatoes, and the peaches! VDP discusses the Friday noon loading party to transport FD materials to the site, including FD items at NT's QTH! Larry looks forward to an FD opening on 6m! IXN tells NG7D to tells us what its like if he rides out an earthquake in the new Space Needle at Las Vegas! RB airs Newsline & OPs give sig reports to Alex on reception. TAM & ZH solve the porta-potty problem, & Jane attends a Tupper ware party tonite..(the two not connected!) And ZH announces that WR6G, Tom Nelson, of HRO, had a heart attack. TAM attempts a mobile check-in, but W6ZE can't pick her out of the QRM! AZ 'mops up' FD preparations, getting the 'old Drake Twins' ready if needed! Bob also raises the 2m ant. another 10 ft! VBS flies in & flies out.. Gary must get ready fer work! VBS & NG7D will FD QRP .. a valiant feat wid all those strong sigs! ONZ needs another BBQ .. ZH will bring his! BWH, now home, and the soldering iron heated, attacks a broken wire in the INNOVA

battery supply! QW takes advantage of a 6m opening yesterday to get 8 new grid squares! And Rolf polishes off 2500 counties wid 80 % confirmed! The new mobile ant. & rig work fine.. Now to ground the exhaust pipe, hood, etc., to eliminate spark noise! OPI announces that RC will allow us to use the light generator agn this year fer FD. Training session tomorrow afternoon at HQ! And Cindy prepares a 'midnight snack' fer FD!..Yum-Yum!

6/30 15m phone net -W6ZE/AF6C checks in VDP, NG7D, IXN, & RND. AF6C vows to clean the relay in the old Heathkit over the 4th! And Bob gives a rough total fer FD!..3,061 contacts fer 8,132 points..best score ever fer an OCARC FD! NG7D & VBS make 96 contacts QRP on FD, upping last year's record! IXN tells OPs that USGS seismic explosions to map LA underground faults will pose no EQ hazards! RND leaves the RV in Idaho after FDing wid friend from Connecticut near Zion Nat. Park! They contact LAB, AZ, & VDP in So. CA. on FD!

6/30 2m phone net -W6ZE/IXN checks in BPX, RB, HHC, NG7D, VDP, RND, AF6C, AZ, ZH & TAM, OPI, ESD, & QW. HHC gives OPs rough FD scores fer each band. And Ken garners RND, VDP & QW to help wid an ant, raising party fer W6VZP, Jack, a stroke victim in Anaheim. BPX takes a few strokes at the weeds & then decides to spray the rest. Wyatt & Blanche are visited by a nephew frm New Mexico as Wyatt now prepares for another round wid the ailing toe & the foot doc! RB airs Newsline frm the co-linear

tonite & all OPs hear it well (including ZH!). Alex also attend the F. Schultz funeral today. NG7D & VES manage 2 HI & 2 Virgin 1s. contacts on less than 5W on FD, plus a Tijuana contact! OPs thank AZ fer the 'stellar performance' on 20m CW!..Bob's secret for staying awake?!..Don't let your butt get numb!! AZ & OPs thank OPI & ONZ fer FD food & goodies! VDP's band planning worked well, & Larry will suggest sum further ideas fer next FD! From Boise, ID, up ab1 5,000 ft., RND & friend work over 300 contacts frm atop 'rattlesnake hill'! 40m was their most productive band. Too bad RND didn't work NT on Goat Hill frm atop Rattlesnake Hill! AF6C credits simultaneous operation of 15 & 20m stations fer higher FD contacts this year! And ZH inx OPI & TAM fer outstanding 'duping' performances wid the computer. And Cindy says OPs ought to stop by Polly's Pies on Main St. in Santa Ana & thank them for the apple pie donation!.. They were a great hit! QW & IXN, not operating at the site, hand out points to FD OPs. QW helps set up & tear down at FD site, & Rolf picks up 12 new counties today! BSD 'flies in & flies out'.
