FEBRUARY 1995

Prez Sez ... By JIM ROBERTS, N6XTJ

February is upon us, well on our way into the new year. I hope each of you is enjoying the new year. My "New Year Wishes" to you in last month's "Prez Sez" was lost somewhere in the cyberspace of the packet system. Sorry about that. We have a challenging year ahead of us.

We will be hearing the final report of the Audit committee at the February meeting. At the board meeting we found from a preliminary report that our financial condition is not as good as we thought. We need your support. Dues are a major source of income to the club, please renew. Remember even little things count. For example, renewing your ARRL membership through the club brings us a couple of dollars, which is several RFs mailed. Also, we have a raffle for a 2-meter handheld. This is only a small money maker but I'm sure you would enjoy a \$10 or \$20 handheld, a lot. It will go when 400 tickets are sold and as little as \$1.00 will win it. We need your money but we also need your ideas: these are far more important to us than your money. Please suggest fund raising ideas you might have for the club. In the end you are the most important assets to us, we enjoy the company of each other and that is the club's strength.

We have a set of amendments to the bylaws that have been moved and read at the last club meeting. These, if passed, will change club election rules among other things. Please read them in this newsletter and come to the February meeting to discuss and vote on

them. Remember your vote is still valid until the end of March, even if you have not yet renewed your dues from 1994. The February meeting would be a great time to take care of that as well however.

We need to start our Field Day planning and are looking for a volunteer to chair that activity. I am also looking for someone that might act as a contact person to arrange carpools for club activities, we occasionally have members that need a ride and others that are willing to provide them. If you could act as a contact person or as a ride provider, please contact me. I can be reached on packet (N6XTJ-4 is a PMBX on 145.050 or send a note to N6XTJ@K6VE) or call my home and leave a message on my phone machine. My work hours are unusual. I can be hard to contact.

A lot is happening in radio out there. STS 63 is up as I write this and I understand actively on the Amateur bands. I noticed in the Orange County RACES newsletter (off packet) that they are getting started with Baker to Vegas and Field Day planning. If you just check into a packet BBS or catch the ARRL bulletins you can't help but notice a lot to get involved in on both HF and above. There are many of our club members that can help you with a new effort. Let's all get on the air and enjoy our hobby. Join the club nets on Wednesday or Thursday and I hope to see you at the February 17th meeting, don't forget we are at the Red Cross building now.

Looking for more information about Digital Communications?

The Southern California Digital Communications Council (SCDCC) is a Non-Profit Association consisting of individual members and member groups who are interested in promoting "Digital Modes" of communication and seeing that they are properly coordinated in represented within the Amateur Radio community. Membership is only \$10.00 per year.

The SCDCC also functions in the capacity of user education. It publishes a list of tutors to help newcomers get on the air and maintain good operating practices. The SCDCC also runs a Monday night packet voice net on 145.300 MHz (-660) to assist beginners and experts alike in running their equipment more effectively. The net is open to all who wish to participate regardless of membership. The net starts at 8:00 pm and is moderated by various SCDCC volunteers. Current moderator for 1995 is KC6RIX, Dino. SCDCC meets at Dana Junior High School in the multipurpose room. Meeting time is 11:30 am - 2:30 pm, right after the TRW swapmeet. This is an Open Meeting and all are welcome to attend. For more information contact: N6RKY, William Wetzel (714) 639-8126.

SCHOLARSHIPS

Do you know a college student, or college-bound student who is a Ham? The Foundation for Amateur Radio will administer 56 scholarships for the 1995-96 academic year, to assist licensed amateurs who are students. The awards, from \$500.00 - \$2,000.00, are available to full-time college students, including those who have been accepted for 1995. For more information or application form, have them contact FAR Scholarships, 6903 Rhode Island Ave., College Park, MD 20740, before April 30.

10-GHz RECORD CORRECTION

A recent bulletin reported that Roger Bowman, VK5NY, and Walter Howse, VK6KZ, have claimed a new world distance record on the amateur 10-GHz band. The two worked over a 1911-kilometer path, on December 30, 1994.

The previous world record of 1660 km was set on July 8, 1983 by I0SNY/EA9 and I0YLI/1E9.

The 10-GHz record of 1018 km cited earlier was the North American record, set by WA6CGR and XE2/N6XQ, in August 1993.

MOTIONS TO CHANGE THE BY-LAWS.

Made by Frank Smith, WA6VKZ

(1) To amend the bylaws to read: (Article II, Section I) A member has to be in good standing in order to vote on club business.

(2) To amend the bylaws to read: (Article II, Section I, Subsection 1) A member in good standing shall be a member who has participated at 25% of the club's previous four functions or a new member for at least 30 days.

(Article VI, Section H, Subsection 6 [duties of the membership chair { there are currently two subsection 5s one remains, the second will become subsection 7}]). Shall be responsible for attendance records to determine a member in good standing. However: The final determination of status shall be vested in the board of directors.

(3) To amend the bylaws to read: (Article IX [renumbering current Article IX to be article X]). There Shall be an award known as the "Good of the club Award." Written nominations for "good of the club award" shall be accepted by the secretary by November 1 of each year. The secretary shall cause to be mailed to each member in good standing a secret ballot listing all names of nominees for the "good of the club award." All ballots received by the secretary by December 1 of each year shall be polled by the secretary and the results transmitted in confidence to the president. The secret ballots shall be retained by the secretary until directed to dispose of the ballots by the board through the president. The last selection on the ballot for "good of the club Award" shall be "None of the Above."

"Vanity" Call Sign Order Released

On February 1, the FCC release it Report and Order in PR docket 93-305, amending its rules to provide for a "vanity" call sign program. The new rules are effective March 24.

To accomodate requests for specific, "vanity" call signs, the Commission will use a series of four "starting gates." Gate One will allow a previous holder of a call sign to apply for that call sign or, where the holder is deceased, a close relative could apply, even if he is not otherwise eligible to hold the call sign. Gate Two will allow Amateur Extra Class licensees to apply. Gate Three will allow Advanced Class operators to apply and Gate Four will open the system to any licensee, including a club station license trustee applying for the call sign of a deceased former holder.

The Commission will announce the opening of each gate by a public notice. The first gate will open as soon as the new application form, FCC Form 610-V, is available and the Commission's licensing facility is prepared to begin processing the applications.

Applicants will be permitted to request call signs reflecting their own or other call sign regions.

The FCC set aside the one-by-one call sign block until the matter of assignment of these calls could be addressed in a separate proceeding. The ARRL had requested allowance for assignment of one-by-one call signs to special event stations of national significance.

A \$70.00 fee (\$7.00 annually for ten-year license term) will have to be paid when requesting a new or renewed vanity call sign. The ARRL continues to work for legislation that will enable the Commission to charge a one-time fee.

Relayed from W1AW to packet with BID \$ARLB011.

Make meeting other hams easier at club functions. Order a Club Badge for only \$5.00. Check the club membership renewal form for ordering a club badge or see Membership Chairman, Bud to order a name badge.

NET NOTES

By BOB EVANS, WB6DXN

1/4 15m phone net - W6ZE/AF6C checks in IXN, NG7D, VDP, & TWA. AF6C gets .3" of rain yesterday, & 4.2" today in the rain gauge. IXN goes for a stress-echo test next Mon. NGO has visitors, & AF6C is enjoying a few days of vacation! NG7D considers constructing a 1/2 wave ant. for 40m, and John gets a QSL frn Ascension Is. to confirm a new country! And NG7D buys a new, vy fat, Callbook! VDP's XYL (& IXN & fam.) have a hard time getting home in the heavy rains! Larry awaits confirmation of Canadian grid squares thru the Bureau. & VDP picks up additional grid squares working Wis., Mich., & Ill. TWA experiences 'mucho rain', but says the SA river is far frn being full!

1/4 2m phone net - W6ZE/IXN checks in BPX, RE, NG7D, ZH & TAM, QW, VDP, BWH, TWA, OPI, AF6C, & ESD. BPX has 4" of rain in the gauge by 6:30 pm. And Wyatt & Blanche arrive home safely after a trip to Orange. Wyatt watches the rain, and the weeds grow! RE asks ZH to discuss the Asst. Director at Sat. Bfast. And Ralph contemplates fishing in the creek running thru the garage frn lake Alexander in the back yard! Need info on the new RS-15 satellite?..Give RE a landline, or, catch him on 2m Wednesdays! BWH measures 4 3/4" in the rain gauge, and Bob airs Newline. And Newline tells us that the 'RS' in the Russian ham satellites means 'Radio Sport'! ZH (+ other OPs) give TWA directions to the Club Bfast location. And Chris & Jane measure 6 3/4" of rain in Bellflower! And like RE, ZH & TAM had Breller creek flowing thru the garage! Chris & Jane just got bk frn a 2 wk visit wid Chris' parents in NJ., where ZH picks up his last country on 75-80m. for the 5-band DXCC!..Congrats, Chris! ZH manages to give all in NJ, + TAM, his common cold, but TAM is recuperating well now! QW, bk frn Spokane, enjoyed the 10 deg. nite WX, and the cool 25 deg. sunny days! Visiting the Mt. Spokane skiing area, Rolf meets N7BKW frn Idaho, also an avid County hunter! And Rolf buys a new camera which takes great pictures! VDP says new storm drains near his QTH saved the day. And TWA remembers flooding Santiago creek back in '69! OPI is busy, at RC Hdqtrs in Santa Ana, staffing shelters in the flooded areas of Orange County. ESD has sun rain in the shack, but no flooding to contend wid. AF6C informs ESD that Club dues are 12 dollars. During time off frn work, AF6C writes a commercial computer program.

1/5 40m CW net - No net fer abt the past month! NG7D, NT, & IXN meet informally on freq. during this period!

1/11 15m phone net - W6ZE/AF6C checks in COJ, NG7D, IXN, & VDP. COJ announces a speaker for Feb. Club meeting, K6ZE, George frn San Diego, who will give us a presentation on the oil cleanup in Alaska. NG7D appears to be having sun front yard sinking in the recent rains. No doubt PacBell Gophers hve made a contribution to it! Now John is battling the Post Office fer stamps he never received! IXN's stress echo test results are negative. & Bob enjoys watching his heart pump working on the TV screen! VDP, wid gud drainage installed lately in the area, experiences vy little damage frn the recent rains! Larry worked a little CW on 17m, & tries to contact a VP8 in the Falkland Isles on 20m. And Larry continues plans fer restoration of 10-10 activity! IXN tells AF6C he didn't hear abt any small swarm of EQs in the Fontana area!

1/11 2m phone net - W6ZE/IXN checks in AF6C, NG7D, BPX, RE, JSV, ZH & TAM, BWH (bt work), VDP, BVF, QW, & OPI. BPX measures 14" of rain since Jan. 4! And Wyatt tells a TX OP that he has to tie dwn his ants to keep them frn floating away! AF6C siphons a puddle in the backyard to the street... Seems Bob has a clogged drain at the QTH! Bob passes along COJ's comments abt Feb. Club speaker to the net. BWH is at work and airs Newline there. BWH has a canine unit in training at the Warehouse!... Looks like the Telecommunications people are pushing fer complete FCC control over municipality lawsuits & regulatory actions against telecommunications antenna installations! NG7D gets a letter frn an Arkansas OP inquiring abt John's QRP rig, the 'Wonder'! And RE tells OPs that RVS (Rum, Vodka, & Scotch), Dale Jolly, became a silent key over last weekend! And Ralph measures 8 1/2" of rain in the gauge at last look! And, says RE, "No sunspots, no propogation!" Also Ralph tells us that the S. Africans will launch a ham package satellite, SUNSTAT, for digital communications come Jan. '96! And, last but not least,

RF FEBRUARY 1995

Net Notes cont.

the BSA International Net meets Sundays at 2030 UTC, on 14.290 MHz! JSV & EZS hve one leak amid sun flashing on the roof, & EZS' narcissus bulbs are growing like mad! The San Gabriel River didn't force ZH & TAM to evacuate, but they were officially warned of the danger! In the meantime, Chris gets a QSL frn 9X5HG in Ruwanda and works VP85GP on the South Georgia Is. DXpedition! VDP sells a 'well travelled' 6m radio to an OP in Fla., and Larry works sum 17m DX, CW, in Veliz and a Carribean Is. BVF, like OPI, volunteers fer Red Cross work during the floods. And Mel pumps out the pool a couple of times, while managing to work Palmer Station in Anarctica, and Pooka Pooka in the Cook Is.! QW manages to pick up another cold, has a small leak in the house, and just finishes listing the QTH wid a real estate agent, before coming on the air! They're drilling fer water at the new Spokane QTH location this week! OPI says the RC is winding dwn emergency services in the Southland, and Cindy hopes to be transferred to flood areas in N. CA. And Cindy asks fer help in eliminating 47 MHz TVI in RC TV sets!

1/18 15m phone net - W6ZE/AF6C checks in IXN & NG7D. PFA, NGO, & ONZ are at HHC's QTH auditing the Chub books tonite. IXN, NG7D & ZE hve a go-around on the Kobe EQ! John says JA land has perfect pictures fer their next Godzilla movie! AF6C just gets in frn picking up his sister who was dwn in Mexico studying fish. IXN talks abt the conversion of vertical seismic waves to horizontal wave motion by objects attached to the earth. XTJ tries to check in, but we miss him!

1/18 2m phone net - W6ZE/IXN checks in BPX, XTJ, OPI, NG7D, RE, ZH & TAM, VDP, QW, & BWH. It's out to dinner fer BPX on his 89th BD this coming Sun! And Wyatt prepares fer more rain on top of the 14" he's already logged! XTJ has a nice visit wid his sister in Oakland, & Jim reminds all OPs that Fri. Chub meeting is at the Red Cross in Santa Ana! If anyone wishes to leave messages via packet fer Jim, use his 145.05 N6XTJ-4 mailbox, or, 441.5 N6XTJ-2 mailbox! Leave message, & if necessary, a return path! OPI may be off to N. CA. to relieve tired flood personnel. But wid rain Sun., maybe Cindy will be used right here! BWH airs an interesting Newslinc tape. NG7D asks QW if he received his issue of HomeBrew mag. And John has his errant postage stamps delivered to his QTH by Post Office brass! Wid all this rain, RE is being choked by the weeds he's trying to cut! Alex helps

RVS' brother clean out Dale's trailer, giving the food stuffs to the Tustin church. And frn ARRL bulls. Alex tells us the RS-15 satellite is now operational, wid Keplerian elements available in W1AW! ZH, busy at work, manages to work sum CW DX to VP8CQS in S. Shetland, & VP8SGP in S. Georgia! TAM tells OPs that IBR & IBP are well. And Chris reminds all that DUES ARE DUE!! VDP may hve St. Augustine grass invading his lawn frn the neighbors! And, the Post Office refuses to cash a money order fer VDP. THEY DON'T HVE THE MONEY!!... (Hm! Maybe another O. Cnty fiasco in the brewing!) And VDP gets duplicate QSL cards frn DX stations via the OPs & the Bureau! Larry will go to the last La Mirada Swap Meet (moving to Pomona) this weekend, rain permitting! And QW work, work, works!... But Rolf manages to pick up one more County, leaving only 4 to go! Rain in the basement will force another trip to Big Bear, as Rolf tries to get work done at the new QTH in Spokane, and repair an errant CD ROM!

1/25 15m phone net - W6ZE/AF6C checks in NGO, COJ, VDP, NG7D, & IXN. Wid the rain pouring dwn, NGO contents himself wid watching the "O.J. Soap Opera"! AF6C, arriving at work, presses the button on his 'space age' umbrella, the canopy, flying away frn the handle like a parachute, lands several feet away! And Bob gouges a finger while trying to put the thing together, and Mother Nature pelting him wid rain thruout the entire procedure! COJ has cousins in frn Chicago, a buddy in frn England, a broken microwave to repair, and Dave gives time & place fer OPs to join K6ZE & himself fer dinner just before next Chub meeting! VDP works the Contest last weekend. No frn DX, mostly local stuff. And Larry prepares to service a VCR wid video but no audio! NG7D enjoys the "O.J. Soap Opera", works NH6XM in Hawaii on the RS-12, and orders crystals fer new homebrew projects. COJ will dine wid K6ZE near 5th & Bristol in Santa Ana. Interested OPs contact COJ, Dave, at (714) 731-2288, fer further details!

1/25 2m phone net - W6ZE/IXN checks in RE, AF6C, BPX, ZH & TAM, BWH, LAB, VDP, QW, FUZ, HHC, TWA, XTJ, & NG7D. BPX measures 18" of rain since Nov. 4. And Wyatt enjoys his 89th BD wid family last Sun. RE goes to the store between showers, and is glad the 'lake' in the neighbor's backyard didn't overflow! Alex reads ARRL bulls... The 'crazies' on Internet post a bogus ARRL bulletin... No! The League isn't filing a no-code motion! BWH airs Newslinc, & Bob measures 16.8" of rain frn past storms in GG.

Net Notes cont.

AF6C entertains his sister in frn Mexico over last weekend, & Bob plays wid 'America on Line Automatic Navigator' during the rains. TAM dodges 'Zeller Creek' running thru the garage as Jane discovers the battery is dead in her 'wheels'!...And just after the last payment is made on the car! And ZH has 70 countries confirmed, wid 30 to go fer the 80m DXCC! Gud to hear LAB, John, once agn! John has been busy on the 6m AM net on 50.4 MHz Sundays. LAB is now building a crystal controlled solid state receiver, and VDP will help him check it out. VDP will hunt dwn an overpowered, broadband CBER who is wiping out the 2m net at the QTH! VDP and VFC will pick up a pair of 6m HTs, low power, abt 1/4 W. And, VDP gets a landline, asking info., frn the Fla. OP who bought his 6m ICOM. QW gets the 300' water well finished in Spokane...now fer the septic system. Rolf & IXN enjoyed the T-Hunt program at last meeting. And QW writes letters to scarce county OPs to set up scheds to complete Rolf's WAC. FUZ & IXN enjoy new security lights on the streets around their QTHs! And Rob has a great time at the Rose Parade, getting in sum packet and NC experience! HHC leaves meeting early Fri. to prepare fer a business trip to Fla. It was 38 deg. in Orlando Tues. morn.! And TWA measures nearly 10" of rain near the SA River frn the last two storms! XTJ/m checks in frn the 101/5/60 interchange in dwntwn LA. Jim has been in court every day last week (No!..Not the O.J. Soap Opera)! IXN asked Jim abt the 'new bullet' we all saw on TV. Jim said 'much ado abt nothing!!' NG7D worked KY last week on the RS-12, & John sends out 8 QSL cards wid S.A.S.E.s. (Gud idea, OPs!) John says HomeBrew Mag. has cut its subscription price in half!! And NG7D is building a 20m version of the TWOfer.
