MARCH 1995

Prez Sez ... By JIM ROBERTS, N6XTJ

The time of the month to write this note to the club has come very quickly this month. It seems that everything has come up very quickly this month. I cannot seem to get everything that I want to do done. It seems to leave me with less and less time to spend on the bands. I do find my time to do a little packet, as that can be done anytime. Those of you that want to keep up with the world, can get up on a packet BBS and find out what you have missed. Working an evening shift, I find that it is a great deal for me. The BBS doesn't mind my calling it at 2330 when I get home.

A couple of things that I want to pass onto you are some comments that I did find up on packet, just in case anyone is not up to where I am.

The FCC has said that the form for vanity call signs (610-V) should not be ordered until May 1. Some of you may want an old call sign or a father's call back. As far as I am concerned, that is nice but it is a shame that people that haven't earned a 1X2 will soon be able to buy them. It seems that everything is for sale these days.

Speaking of calls, as of this writing 6 land is up to AC6KX, KO6QY and KE6RKO and moving on fast. Also of note is that the ARRL President, George Wilson, W4OYI, suffered a stroke on Feb.

11. His doctors were optimistic at the time of the message I received (was sent Feb. 24) as to his recovery, I'm sure we all wish him a quick recovery and his family our best.

STS-67 is up for those that wish to follow the keplarians functions are posted on packet or if you want to type them in, I can give to you. It is a long mission and will, for example, be overhead on March 15 at 644-650pm visibly passing from the southwest horizon rising towards the south vertically at arm's length at about 10 degrees I am told. This will not reach you in time for other such information that I have to be of use.

Last, I noticed in the CB & Ham Radio ads in the Recycler, the following for sale: 40 motor (sic) rotatable (sic) dipole, no traps helical design about 16' long, etc. If you saw this ad and picked it up, let us all know how it works. There is a lot of wire in 40 motors, but I don't know how they would tune-up. Would that give you some real horse power on 40 meters?

73 de N6XTJ

P.S. I couldn't resist the punishment when I saw that ad!

Where Have All the Manuals Gone?

by Larry, K6VDP

I have been attending ham swapmeets for many years. I am still amazed that over half of the radios and accessories for sale don't have the manual with them.

A few years ago, I bought a file cabinet. I now have a file folder for each piece of equipment. Each file contains the manual, sales receipt, and warranty card. I also keep records of accessory installations, and any modifications or repairs. I also keep in my shed all of the original boxes and packing.

If you have any equipment that is missing the manual, there are several companies that sell copies of manuals. They advertise in the ham magazines every month. If you sell your equipment, it will be worth more with the manual and make it easier for the next owner.

W1AW Bulletins Available On Internet

W1AW bulletins are distributed on the Internet. They are mailed out from W1AW to the Internet site netcom.com, where they are remailed to people on the Internet (and CompuServe, America OnLine, MCI, etc.). Netcom maintains an email listserver with a number of Amateur Radio mailing lists, including the W1AW bulletin distribution list. To receive W1AW bulletins by email, send a message to LISTSERV@NETCOM.COM with any

subject (it is ignored) and the following text as the body of your message:

subscribe w1aw-list
help

Maxim Memorial Awards Nominations Open

ARRL Headquarters is now receiving nominations for the Hiram Percy Maxim Memorial Award. The award is given annually to the licensed radio amateur under the age of 21 whose accomplishments and contributions are of the most exemplary nature within the framework of Amateur Radio activities, including, but not limited to, the following:

1. Participation or leadership in organizational affairs at the local or national level;
2. Technical achievement;
3. Operating record;
4. Recruitment and training of new amateurs;
5. Public relations activities.

In keeping with the tradition of the award, formal nominations are made by Section Managers. Suggestions and supporting information, including the endorsement of ARRL-affiliated clubs and elected or appointed League Leadership officials, should be submitted with the nomination. An award panel will review the nominations received and select the winner. The prize consists of a cash award of \$1,000, a suitably engraved plaque, and travel & accommodation expenses to enable the winner to attend an ARRL convention at which a formal presentation will be made.

Nominations should document as thoroughly as possible the Amateur Radio achievements and contributions of the nominee during the previous calendar year. Additional information concerning the character of the nominee should be as complete as possible.

Nominations from you must be sent to your Section Manager. Nominations must be received at Headquarters from Section Managers by March 31, 1995. There is no limit to the number of nominations you may make. For more information, contact Rick Palm, K1CE, Field Service Manager, at ARRL Headquarters.

NET NOTES

BY BOB EVANS, WB6IXN

2/1 2m phone net - W6ZE/IXN checks in BPX, NG7D, ZH & TAM, RE, QW, ESD,

VDP, FUZ, VFC, & BWH/m. BPX is enjoying the warm WX, but Wyatt hopes his left leg will be well emuf to let him attend the Club breakfast. NG7D calls RND's XYL and discovers that John hasn't been on the 40m CW net due to recent illness & surgery, wid sum complications! ZH adds Bhutan to his new countries list, & TAM suffers frm sum residual infection frm the recent surgery, & Jane changes doctors! IBR & IBP are doing well. RE, pulling & spraying oxalis, discovers the old back isn't as young as it used to be! And Alex brings OPs up-to-date on late Shuttle news! QW changes 8 gal/hr to 8 gal/min on the new well in Spokane! And Rolf sets up a temporary station downstairs as the upstairs hamshack is dismantled in preparation for moving! ESD continues to 'trip the light fantastic' wid the gals at the Costa Mesa Senior Center. And Bob found the 'coefficient of friction' waltz in Buena Park very attractive! Seems the floor was covered wid a new, sticky coating! VDP takes advantage of the warm, dry WX, working in the yard preparing to assemble the antenna which is decorating it! VFC & VDP try out the 250 mw 6m HTs wid great success! Dennis copies Larry S6 & S7! FUZ, refusing to 'melt' in the heat wave, turns off the furnace! Now Rob waits fer the ocean water to clear so he can continue scuba diving. NG7D gets two 3rd place wins in HamBrew magazine fer his Twofer 3, and, his 20m Oner. Congrats, John!

2/8 15m phone net - W6ZE/AF6C checks in NGO, IXN, COJ, & NG7D. The rain last nite fooled AF6C, & Bob says sum minor problems arose in auditing the Club books, but most all of the Club transactions hve been reconciled! The Club will hve to be frugal in future spending as bank accounts are low! NGO says we never covered the Club trailer, and that sum of the Club equipment stored in the trailer might hve received water damage! COJ has all arranged fer K6ZE's presentation at nxt Club meeting. IXN tells OPs abt a 6+ mag. quake in Bogota, Columbia. COJ talks abt a group of oldtimers using a group name close to Orange County ARC! They can be contacted at 538-9633. NG7D & family visit the CA/NV border casinos, and John

awaits crystals fer his Twofer 3 xmitter.

2/8 2m phone net - W6ZE/IXN checks in JSV, RE, ESD, FUZ, QW, VFC, BWH, VDP, TWA, & RMR, Stan, in HB. JSV says EZS is well, & Jim busy themselves installing a foodmaster and a disposal in the kitchen, while they watch RE's narcissus bulbs spring into bloom! Jim's new-neighbor ham did not check in tonite! RE sprays and pulls oxalis (IXN, too!). And Alex tells OPs that new rules regarding call signs will be effective Mar. 24. You will need to complete a form 610-V for a Vanity Call! FUZ, in model railroading, gets his train layout assembled at the QTH, and Rob's fiancee & daughter will be taking tests for a ham license near the end of Mar. QW, painting inside the QTH tries to get it ready fer the realtors tomorrow! Rolf has the shop building up fer sale, then the business! BWH airs another interesting Newsline, & Bob wasn't mobile fer check-in tonite! VDP works the 10-10 Contest over last weekend, garnering 15 new numbers. And Larry picks up some of RVS' gear frm RE. Larry will try to sell it. IXN apologizes to VFC & ESD fer missing them in the go-around! ESD sounds like his allergies are at work, and Bob trims a house-high rose bush wid a 2" stalk...no scratches, but plenty of 'thorns' fer the G-man!

2/15 15m phone net - W6ZE/AF6C checks in NGO, HHC, COJ, NG7D, IXN, & VDP! Gud check-in, OPs! Too muddy fer Kei to work on the 'back 40', but NGO gives HHC a gud sig rpt on the new 15m dipole. HHC gets a knock on the door, & AF6C comments, "It's probably the vigilante TVI committee checking out the new dipole"! COJ prepares to wine & dine K6ZE before Meeting Fri. eve.! NG7D works 2 more states, ND & NH, on the RS-12. John now has 40 states confirmed out of 43 worked! John figures all passes of the RS-12 on paper longhand!...He can't be making many mistakes! VDP talks wid VFC using a 1/4 wave whip ants on a pair of 250 mw 6m HTs between Westminster & Costa Mesa. And Larry will journey to the new Pomona Swap Meet Sat. IXN talks abt a computer program named SEISMIC

RF MARCH 1995

Net Notes cont.

that is share ware, and AF6C & OPs give HHC gud sig rpts on the 15m dipole.

2/15 2m phone net - W6ZE/IXN checks in BPX, RE, NG7D, TAM & ZH, QW, VDP, HHC, OPI, ESD, TWA, FUZ, VFC, DAN, LJK, & BWH...another great check-in, OPs! BPX sits comfortably by while another inch of rain fills the guage, making 10" at the QTH for the year! But the growing weeds don't keep Wyatt & Blanche away from the Masonic Temple Bfast last Sun.! RE collects another 1 1/2" in the guage, bringing his total to 18" to date! From ARRL bulletins, Alex tells OPs that the DX Advisory Committee has rejected Pratas Is. for DXCC credit. NG7D gets his new ARRL membership certificate & decal, & hopes AF6C checks in so he can ask Bob about some small connectors for circuit boards. BWH just returns home & IXN rushes Bob to play Newsline. TAM & ZH watch the roses, weeds, & grass grow wildly as Chris tells us about a non-functioning sloper ant. Chris & Jane will be out of town this weekend and will miss Club meeting. QW refuses an offer on the house in Big Bear, has a nibble on the Business, completes a well on the Spokane property, and doesn't get any new counties! Undaunted, Rolf contents himself with altering house plans for his new home in Spokane! VDP tells OPs that the Pomona Swapmeet will be located at the junction of the 10, 15, & 71 Freeways, near DeVry Institute. And Larry talks about the upcoming VHF/UHF Conference in Cerritos in Apr. OPI will give her girlscouts a community service project...preparing goodies for Club meeting! And Cindy says we will probably meet in the EOC Bldg. at Red Cross. HHC has an ant. for sale...a Hy Gain vert. 80-10m. And Ken plans to attend Fri. Club meeting. With very wet ground and no leaks in the shack, ESD finishes trimming the rose bushes and attends 3 Valentine parties, dancing with the 'Senior Bells', and, winning a pecan pie! TWA installs an EPROM chip in the rig, and Charles checks the Canadian Maple Leaf, collecting info on awards. FUZ reminds OPs of upcoming TORA meetings for the Tournament of Roses parade, as Rob contemplates playing with his miniature steam tractor from England! VFC, DAN, & LJK all 'fly in & fly out' (Dennis, Greg & Mike)!

2/22 15m phone net - W6ZE/AF6C checks in NGC VFC, VDP, IXN, NG7D, & HHC. NGO finishes an aerogram to be sent out, & Kei gets sun glads & stringbeans planted, still finding time to check out the sporadic openings on 15 & 20m! VFC pops in to see who's checking in on 15m, & Dennis comments that he knows commercial pilots who detest flying in & out of John Wayne Airport! VDF & VFC check out the new Swapmeet in Pomona, with Larry commenting favorably on location & room for expansion! And VDP says his mom lives near the runway of JWX. NG7D cleans up his computer files, and asks if any OPs have checked further with RND about his health! IXN plays with SEISMIC, a location program for world & local earthquakes. HHC just walks in the door from a skiing vacation at Big Bear on Snow Summit, and Oh!...those sore muscles! And Ken talked with a man who experienced the full force of the '91 6+ mag. Big Bear EQ in a cabin 1 1/2 mi. from the epicenter!

2/22 2m phone net - W6ZE/IXN checks in BPX, RE, VDP, FUZ, NG7D, HHC, BWH/m, & TAM/ht. TV, out-of-town trips, etc. lends to a small check-in tonight! BPX birthdays with the granddaughter last Sun, catches up on reading, & finds the rain guage 'wanting' from the last rain! RE (ZE, too) reports gud sigs from all OPs tonight! And the eye doc sees a forming cataract in Alex' right eye! From ARRL bulletins, RE announces that W6UBQ has been re-elected as Sec. Mgr. for the Orange Section for 2 yrs. VDP reports on the relocated Rio Hondo Swap meet now in Pomona at DeVry Institute. And Larry finds a gud place to eat Bfast, too. VDP finds FCC relaxation of govt. RFI testing for computers disturbing! FUZ enjoyed the eyeballs at Club meeting, & being a Scuba diver, he especially enjoyed the program on Scripps Institute! And Rob's XYL & harmonics plan to test for a ham license in March! NG7D, fighting a minor cold (maybe sun allergies, too), works the RS-12 satellite today, and, during the past week, John works 9Y4VU in Trinidad on 5W. BWH/m, arriving home late from work, airs Newsline. From Newsline, we discover that Geo. Wilson, W4OYL, Pres. of ARRL, suffers from a severe stroke! TAM/ht checks in late from the airport where she awaits the arrival of ZH.
