October Auction:

Auction

The October meeting will once again be the annual OCARC Auction. It seems as if it is again time to clean out your junk box, sell all of your old treasures and purchase some new treasures. This year we will probably have some very valuable newer equipment as well as some of the old stuff we saw last year.

Please remember, the auction is for ham radio and electronic type items only! Because the auction can be quite lengthy with all the great stuff, the meeting room will be opened early and people will be there to register sellers and buyers, thereby allowing the auction to begin on time. The rules and further information may be found on page 2 and the map is printed below.

Directions to OCARC Auction

Talk-in Freq: 146.55 Simplex or
146.895 (-) pl 136.5

The auction will be located in the CPR Room, 2nd Floor of the Blood Donation Center.
