VOL. LXIV NO. 1

TUSTIN, CA 92781

January 2023

The Prez Sez...

By Chip K7JA

Greetings, and Happy 2023 from your new President!

For starters, join me in a big Thank You to the outgoing Board of Directors of OCARC, and especially President Nicholas Haban, AF6CF, who have worked very hard on behalf of us all over the past year(s). We very much appreciate your efforts, which have yielded many successes for the W6ZE organization.

I appreciate the trust that you have bestowed on me, as well as my fellow Board members, and we look forward to a really fun year for us all. Let's get going!

January, of course, is the month of Winter Field Day (WFD), which is coming up on the last weekend of the month (January 28th and 29th). Our OCARC WFD efforts have yielded #1 Overall Nationwide finishes in this event for the past four years, a heady record that we intend to defend vigorously in 2023! See the Winter Field Day information in this month's RF newsletter, and send a note to Ron Mudry, W6WG (or one or more of the Band Captains) to confirm your participation. If you've never been part of a W6ZE Field Day event, you need to come see and participate. Be prepared to be impressed!

Over the coming months, we will be announcing a wide range of new Club activities, along with a strong lineup of interesting and different monthly programs, thanks to the diligent work of our new Vice President Janet, KL7MF.

Dues are subject to change without notice

Speaker Spotlight: Bob Turner, W6RHK ARRL Orange Section Manager

Figure 1 Bob Turner W6RHK (circled in red) on the January 2023 Cover of QST Magazine

Bob Turner has served as our ARRL Orange Section Manager since July 2021, also as Orange Section Emergency Coordinator. Bob is the chair of the Riverside Co. Voluntary Organizations Active in Disasters (VOAD). He owns “California Business Resource” which specializes in emergency communications and preparedness. He holds a B.S. from Rochester Institute of Technology with concentrations in Disaster and Emergency Management and Advanced Technical Communications. Bob is a certified Emergency Management Specialist from the National Association of Safety Professionals. We look forward to his program this month on “Emergency Communications”.

Just off the Air from Orange Section:

A vacancy for the Public Information Coordinator (PIC) position. Clubs and ARES teams throughout the section hold some really exciting events and we need to do a better job at promoting these events.

The PIC is responsible for organizing, training, guiding and coordinating the activities of the Public Information Officers (PIO's) within the four county Section. The PIC would be key in working with our Affiliated Club Coordinator (ACC) in recruiting and training a team of PIO's.

The PIC position job description may be found at <http://www.arrl.org/public-information-coordinator>

Please review the job description and email me if you are interested and we will discuss it further. W6RHK@arrl.org

Thank you in advance.

**9 AM & 9 PM Monday – Friday on CARA Repeaters:
2M: 147.090 MHz (+0.600 MHz) No PL and
1.25M: 224.420 MHz (-1.600 MHz) PL 110.9 repeaters.
Also available on EchoLink node *CATALINA***

The higher HF bands (15/12/10 meters) have been very good lately during the daylight hours, and 6 meters has been opening to the USA and South Pacific.

The FT8WW DX-pedition to rare Crozet Island is on the air now. Check 20 meters on CW (14.031) around 6-7 PM Pacific Time.

The Bouvet Island DX-pedition (3YØJ) is scheduled to begin the last week of January, and operations will go on for approximately 3 weeks. Bouvet is the most remote uninhabited place on Earth, so don't miss this one!

Upcoming Activities:

JANUARY

- ****North American QSO Party / CW:** 1800 UTC January 14 through 0559 UTC January 15
- ***January VHF Contest:** 1900 UTC Saturday January 21 through 0359 UTC Monday Jan. 23
- ****North American QSO Party / SSB:** 1800 UTC Sat. January 21 through 0559 UTC Sunday January 22
- ***CQ WW 160 Meter / CW:** 2200 UTC Friday January 27 through 2200 UTC Sunday Jan. 29
- **Winter Field Day: 1900 UTC Saturday January 28 through 1900 UTC Sunday January 29**

FEBRUARY

- **10-10 Winter Contest, SSB:** 0001 UTC Feb. 4 through 2359 UTC Sunday Feb. 5
-

-
- ***CQ WW WPX / RTTY** 0000 UTC Saturday Feb. 11 through 2359 UTC Sunday Feb. 12
- ***ARRL International DX Contest: CW:** 0000 UTC Sat. Feb. 18 through 2400 UTC Sunday February 19
- ***CQ WW 160 Meter SSB:** 2200 UTC Friday Feb. 24 through 2200 UTC Sunday February 26
- **North American QSO Party / RTTY:** 1800 UTC Feb. 25 through 0559 UTC Sunday February 26

* Indicates club entries are accepted

** Indicates team entries are accepted

Note: When submitting logs for ARRL Contests indicate your club affiliation as "Orange County ARC"

State QSO Parties

- **Vermont QSO Party:** 0000 UTC Saturday February 4 through 2359 UTC Sunday Feb. 5
- **Minnesota QSO Party:** 1400 through 2359 UTC Saturday February 4
- **South Carolina QSO Party:** 1500 UTC Saturday February 25 through 0159 UTC Sunday Feb. 26
- **North Carolina QSO Party:** 1500 UTC Sunday February 26 through 0100 UTC Monday February 27

Repeating Activities:

- **Phone Fry** Every Tuesday night at 0230 UTC to 0300 UTC
- **SKCC** Weekend Sprintathon (Straight Key CW) on the first weekend of the month after the 6TH of the month. 1200 UTC Sat. to 2359 UTC Sunday.

- **SKCC** Sprint (Straight Key CW) 0000 UTC to 0200 UTC on the 4th Tuesday night (USA) of the month.
- **CWops** Every Wednesday 1300 UTC to 1400 UTC 1900 UTC to 2000 UTC and Thursday 0300 UTC to 0400 UTC
- **K1USN Slow Speed Test:** (CW, 20WPM Max.) Every Sunday night at 0000 UTC to 0100 UTC Monday

OCARC Club Nets:

- **75 Meter Net:** Every Tuesday night at 8:00 pm to 8:30 pm Local Time. SSB 3.883 MHz
- **10 Meter Net:** Every Wednesday night at 7:30 pm to 8:30 pm Local Time. SSB 28.375 MHz
- **2 Meter Net:** Every Wednesday night at 8:30 pm to 9:30 pm Local Time. FM Simplex 146.55 MHz

Other Nets:

- **Net-AT-9:** Wellness & Support Monday thru Friday 9:00 am and 9:00 pm Local Time 147.090 MHz (+600 MHz) No PL

Send an email to *Ron W6WG*, w6wg@w6ze.org to have your favorite activity or your recent RadioActivity listed in next month's column.

The Prez Sez from front page continued

And if you haven't been on HF and/or 50 MHz lately, you need to change that! Six meters has been opening regularly to Australia, New Zealand, and other Pacific islands, while HF (including, particularly, 10 meters) has been hopping with easy-to-work DX. If you need antenna ideas, speak up at the next meeting, and we'll get you going!

Again, Happy 2023! I look forward to seeing you at the next meeting, and thereafter at Winter Field Day in Huntington Beach!

73,

Chip Margelli, K7JA

“2023 Winter Field Day Planning Update”

Location: Ocean View School District Office Site 17200 Pinehurst Lane, Huntington Beach

Schedule:

Friday 1/27/22	Antenna Setup Starts - Noon Tower Trailer arrival – 2:00 pm Tent arrival – 3:00 to 4:00 pm
Saturday 1/28/22	Station Setup Starts – 7:00 am Generator arrival – 8:00 am WFD Start Time – 11:00 am
Sunday 1/29/22	WFD Finish Time – 11:00 am Site Tear Down – 11:00 am

Logging Program note: the N3FJP WFD program version has been updated to **2.8.5**.

Tim N6GP will have a “Supercheck” file for your logging program.

Remember to bring your personal headsets, water and snacks. Saturday night dinner plans are a run to a local Carl’s Jr.

If you do not plan to operate during WFD we could use your help with setup and tear down. “It takes a village” to have a successful WFD operation. It’s a learning experience to participate in the process. We have had success the last 4 years posting winning scores and with your help we may do it again.

IF you do not plan to operate from the HB site, but plan to operate using your own callsign be sure to indicate your CLUB as “Orange County ARC – CA” in your Cabrillo Log submission.

Station Captains: Chip K7JA, Bob AA6PW, Dan KI6X, Tim N6GP, Ron W6WG

All stations can always use more operators, so stop by during the event and we will find something for you to do.

If you are interested and need more information, contact a Position Captain or Ron W6WG by email, W6WG@W6ZE.ORG

Serving Orange County in Southern CA.
for over 85 years.

I was appointed "Webmaster" for the W6ZE.ORG website this past year. I had been helping with updating some of the less known web pages and got asked if I would take on this role. As I looked over the website these past couple years, I have seen many web pages that I did not even know existed. I know all the work involved creating and especially maintaining them to keep them up-to-date and then probably there is a lack of them being seen. Therefore, I decided I will start a regular article introducing different parts of the website.

First, I need to start with some behind the scenes details and the next article will have more history then we can start with some of the "other" pages available. I am using the Jan 1, 2023 home page menu as my border for this article. We will get to a lot of the details in future issues.

The major kudos goes to the hard workers:

Bob, AF6C, is an excellent web and style sheets programmer. Bob has done most of the original design and does most of the maintenance. The front page stays up-to-date thanks to him with help of some scripts he has written to make all the regular needed updates. He also learns new things as needed such as adding PayPal support.

Ken, W6HHC, was the third WebMaster and the first for the

W6ZE.ORG domain started in 1998. Ken created many of the initial web pages and has worked on layout and updates as more information was needed and added over the years. He has also become quite a wiz with the HTML code and also with the dealings with our website provider (currently IONOS).

Dan, KI6X, has been dabbling with HTML/CSS for many years for his own site and for a couple other groups. It sure keeps the brain cells working and after his recent retirement, he has more time to assist and took on the Webmaster role.

Tim, N6TMT and Corey, KE6YHX, have both helped out with updates and considered part of the web team.

That's the introductions. I will give more history of the site next month since I want to keep these short. Check this section in future *RF* issues for more...KI6X

**OCARC BOARD MEETING
MINUTES
2023-01-07**

OCARC Board Meeting Minutes for: January 7, 2023, The OCARC Board meeting was held at The Streamliner Lounge, 186 N. Atchison St., Orange, and called to order by President Chip Margelli K7JA at 8:14 am. All 10 Board Members were in attendance and member Tom Cowart W6ETC was there as well.

Treasurer report – Audit Committee hopes to meet within the next week possibility Wednesday the 11th and net gain on assets for the year is around \$1,500 after expenses.

Membership report – indicates 114 members on the online roster.

Activities report – reminder that this year marks the 90th anniversary of the club. Anticipate that the September meeting be held as the formal celebration event.

Newsletter Editors – Jan. – Tim Millard N6TMT, Feb. – Tim Goeppinger N6GP, Mar. – open, Chip will ask Dan N6PEQ, April – Bob Eckweiler AF6C.

January Speaker – Bob Turner, W6RHK – Emergency Communications

February Speaker – Mick Stwertnik, KB6JVT of NCG Co. speaking on history and product lines of Comet and Daiwa Amateur Radio equipment.

Winter Field Day is January 28th & 29th. Plans are underway to operate in Huntington Beach. A budget of \$500 was approved for this event.

February meeting the Activity Director is planning on having an opportunity drawing.

Summer Field Day – Location considerations are being looked at by Ron.

Christmas Party comments were of a positive nature and the event was considered a success.

Upcoming February Board Meeting will be on the 4th. Will likely be moving the April General Meeting date.

New Business – Bank account signees will be arranging a visit in the near future to change signers to the new club officers. Audit results should be available by the time of this month's general meeting.

Good of the Club -Corey has performed a large-scale backup of our web site. Tim G.- N6GP offered to do a historical presentation for the September Anniversary meeting. Chip wondered about the possibility of having a Don Wallace W6AM station presentation as well.

Adjournment occurred around 9:45 am.

Jerry VerDuft ADØA - June 9th, 1940 – March 17th, 2022

Lifetime honorary member and past OCARC President (1969) Gerald (Jerry) Lee VerDuft passed away in March of 2022; he was 81 years old. Belated news of his passing recently reached the club, and though few remain who knew him, he played an important role in promoting amateur radio during his life, and his passing should be recognized by our club.

Jerry was first licensed in 1956 in Des Moines, Iowa. At the age of 15, he received his novice license and the call KNØCLS. Within a year he passed his general class and the call became KØCLS.

In 1960 Jerry and his parents moved to Bellflower, CA when his step dad got transferred by Aerojet General to their southern California facility. Jerry obtained a job at Autonetics in Downey as an inspector of missile hardware. In mid 1961 Jerry received the call WA6ROF, necessitated in those days by his move. Between 1963 and 1971 Jerry lived in Orange County and joined OCARC around 1966. As club president in 1969, he worked with other nearby clubs and spearheaded the creation of the Orange County Council of Amateur Radio Organizations (OCCARO).

In 1967, at the request of the USAF, Jerry left Autonetics and began working for them in quality control, but remained in Orange County, and between 1970 and 1972 was the ARRL Section Communications Manager for the Orange section.

Recent photo of Jerry from his QRZ page.

His job with the USAF kept him busy as he was promoted up the ladder; often with a change of venue. In 1971 he got his Extra class license and a new call, W6MNY. In 1972 he moved to Albuquerque, NM and his call changed to W5TLK. About four years later he returned to California near the USAF facility in El Segundo, changing his call again to W6SGZ. In 1978 he moved to Littleton, CO. At that time he was able to get ADØA for his call, which he's held since.

In 1983 Jerry returned to California and lived in Torrance, again to be near the USAF El Segundo facility. A couple of years later he moved to Riverside, CA, working at the USAF Ballistic Missile Office in San Bernardino. In 1997 he again moved to the El Segundo area after being promoted to Director of Acquisition Management. In January of 1999 Jerry retired and moved to Colorado Springs where he could settle down and grow some HF antennas in his yard. Jerry continued being active in radio, serving on the Radio Operator staff at the Colorado Springs Emergency Operations Center until 2017. His final move was to Kingman, AZ and its warm weather.

Over the years Jerry was very active in traffic handling in the ARRL's NTS. He was a lifetime member of the ARRL and active on their CW traffic nets. He was NCS (net control station) for the Western Area CW Net (WAN) He also founded HAMCON Colorado which sponsored many ARRL Conventions over the past two decades. Jerry will be missed by the hobby.

Jerry and generator at a mid-60s OCARC Field Day.

1971 OCARC board group photo. Jerry is in the upper left. Can you pick out W6HHC and AF6C? For details see RF for Dec. 2010 page 7.

Jerry (left at the KWM-2) with Bob Evans at FD. in the early 70's

I treasure amateur radio as one of the greatest hobbies/activities on earth.
Jerry VerDuft ADØA

Dear Amateur Radio & DX Enthusiast,

Do you want to meet and mingle with all your DX friends? Are you saving money for yet another tower, rig or amp? Would you like to talk with some of the top Vendors in ham radio? Then Join us next year for a fun event: The 74th International DX Convention in Visalia, CA., April 21-23, 2023.

IDXC 2023 – co-sponsored by the Northern California DX Club (NCDXC) and the Central Arizona DX Association (CADXA) will be held at the beautiful Visalia Convention Center in downtown Visalia, CA. IDXC is the premier DX Convention in the United States and is attended by hundreds of serious DXers and Contesters looking to improve their skills, upgrade their stations and spend some quality hands-on time with the vendors' latest equipment offerings. If you're interested in getting involved in DXing, this is a great place to start!

Convention Highlights:

- A full 2.5 Day program: Friday (April 21); Saturday (April 22); 1/2-day Sunday (April 23)
- 15-20 DX & Technical Seminars on both Friday & Saturday
- Excellent Keynote Speakers
- 35-40 Exhibitors in large Exhibit Hall offering all the latest gear Friday and Saturday
- ARRL QSL Card Checking
- Great Raffle Prizes from ICOM, Yaesu, Elecraft, and others
- Special Sessions: Contest Forum; DX Forum; ARRL Forum; YL Forum • Optional training on Friday: DX University and Contest Academy
- Eyeball QSOs with your DXing friends or make some new ones!
- Optional Saturday Visalia Tour (for your non-ham guests)
- **IDXC Registration is now open and Hotel rooms are available!**
- **For more information and to register, visit our website at: dxconvention.com**

IDXC 2023 will be the biggest and the best International DX Convention yet, and we hope you'll be able to join us to enjoy it all! 73,

Clay Cougar - N5YJZ
Ned Stearns - AA7A
Paul Ewing - N6PSE
