.....  
CALLBOOK SERVICE

The club has copies of the latest U.S. and foreign callbooks which are available at the meeting. Also, you can contact Bob Eckweiler - WB6QNU - at home (639-5074) most any week night between 7:00 pm. and 9:00 pm. if you need addresses. If you have more than one call for Bob to check, he'll get them for you and call you back the same night. Also, you can usually catch Bob on the air during and after the Wednesday evening club net.

.....  
THIS MONTH'S MEETING

Don Royer, WA6PIR, one of our local lawyer/radio amateur will speak on Radio communications and the law. This is a subject that may effect all of us especially when wanting to erect that much dreamed about tower and antenna. He will discuss existing and expected law and its effect that it may have on us in the personal communications area and also the effect on amateur, commercial and CB radio in general.

.....  
ADDITIONAL CALLBOOK SERVICES

Bill - WA6YKH - purchased a new callbook and will be willing to help out with call letter addresses. His phone number is 544-2710.

THE PREZ SEZ:

HELP!! You may have wondered why the RF is short this month; we have lost our free printing. If any one can help please call me.

Our novice class now meets on Thursday nights. I would like to thank George, W6JC, for joining the teaching staff.

I hope to see all of you at the next meeting and the picnic. Please feel free to call me at any time if the club or I can be of any help.

Very 73 & 55,

*Fried*

Fried, WA6WZO

MINUTES OF THE OCARC MEETING OF APRIL 15, 1977

- The club meeting was held at our normal location. All club officers were present at roll call except Martin, WB6PEX.
- The guest speaker was George Mitchell - K6ZE of the Scripps Oceanographic Institute near San Diego. George presented a fascinating slide show of the activities that involve the Scripps Institute. We viewed slides of Scripps Navy (8 ships), and the facilities in San Diego including the huge communication setup. Most of all, there were beautiful slides of strange creatures and far away places.
- Fried - WA6WZO made a plea for classrooms and/or instructors for the novice class. George - W6JC volunteered as an instructor.
- Ken - W6HHC made an announcement that the club is looking for a place to publish the monthly paper, "RF".
- Bob - WB6QNU reported on the upcoming club activities. These include the club picnic on June 5, Field Day on June 25-26, and fishing trips on July 23 and August 13.
- Ted - K6LJA reported that the club treasury had \$756 in the checking account and approximately \$700 in the savings account.
- The number of members and visitors present was 104.

Respectfully,  
Ken - W6HHC

CALL LETTER LICENSE PLATES (AGAIN)

Fees for call letter license plates for radio amateurs will be raised drastically if Senate bill 915 becomes law. This bill, introduced by State Senator John Foran of San Francisco, would result in a fee of \$25.00 for new call letter plates, plus \$10.00 for each renewal and a \$12.00 fee for transfer of such plates. Fees for other special plates would also increase.

The first step for this bill is a hearing before the State Senate Transportation Committee. The Transportation Committee is headed by State Senator Presley. State Senator John Briggs who represents Orange, Anaheim, Tustin, ect. is a member of that committee also. Since the bill is not yet up for a vote by the full Senate, the time is not ripe for a deluge of letters to members of the Senate. The hearing is set for Wednesday, May 18th. Whether you receive this paper before or after that date you should still write to Senators Foran, Presley and Briggs and tell them to delete the amateurs from this bill.

REMEMBER!!! The bill is S B 915. YOU SHOULD WRITE YOUR SENATOR AND DEMAND THAT HE USE HIS INFLUENCE TO DELETE THE AMATEURS FROM THIS BILL. If the bill passes, the increase will start in 1978. If you have call plates now or ever expect to have them in the future....this will affect you!

Amateurs are known for their good service to the public, thousands of messages are passed monthly, free of any charge.

Editors note: Except for the bill number, its origin and the names of the senators involved, this is almost identical to the article I published exactly one year ago.

If any word is received on the outcome of the hearing it will be relayed to us on the Wednesday evening net of May 18 by Ralph Alexander, W6RE.

.....

FLASH FLASH FLASH FLASH FLASH FLASH FLASH

May 11, 1977. As we go to press it has been learned that the Senate Bill 915 was withdrawn for revisions and will not be heard before the Senate Transportation Committee. At least not yet. It may be next month or even August before it comes up again. The bill is not dead yet. Please make the effort to write your Assemblyman and Senator and tell him your views. It is still important!

.....

SILENT KEY

We are sad to report the passing of Lawrence Collins - W6VAD. Lawrence was the "Old Gentleman of the Hill" along Santiago Road towards Irvine Park. He truly was an old timer having gotten started in the spark gap days of Ham Radio. He was a long time resident of Orange County and a past member of our radio club. We'll miss him dropping down from 10 meters to pop into the club net.
